Seedling science communication in rural areas through European Researchers' Night

Supplementary material 1

As Estações de Ciência que experimentei:

Estação de Ciência 2 - Desporto	0
Estação de Ciência 3 - Microbiologia	0
Estação de Ciência 4 - Comunicação de Ciência	0
Estação de Ciência 6 - Microbiologia	0
Estação de Ciência 7 - Microbiologia	0
Estação de Ciência 8 - Microbiologia	0
Estação de Ciência 9 - Biologia	0
Estação de Ciência 10 - Química	0
Estação de Ciência 11 - Química	0
Estação de Ciência 12 - Química	0
Estação de Ciência 13 - Inteligência Artificial	0
Estação de Ciência 14 - Realidade Virtual	0
Estação de Ciência 15 - Sociologia	0
Estação de Ciência 16 - Igualdade de Género	0
Estação de Ciência 17 - Nanomedicina	0

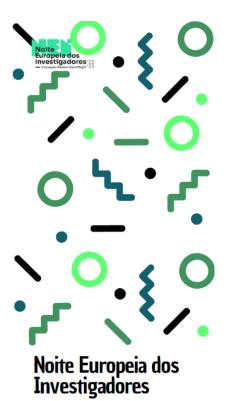

Bem-vindo(a) à Noite Europeia dos Investigadores - Armamar.

Hoje, a ciência ganha vida! 26 investigadores, infinitas descobertas. Explore, questione, inspire-se.

A ciência é o nosso lugar - junte-se a nós!

Siga-nos nas redes sociais GGOMACCV GARMAMARTERRADEEMOÇÕES GAEGOMESTEIXEIRA.ARMAMAR

e use #NEIARMAMAR2023 #CIENCIAPARATODOS para partilhar as suas experiências!

ARMAMAR 2023

Centro Interpretativo da Mulher Duriense 29 de setembro de 2023 | 18h00 às 21h00

Estações de Ciência

- 2 Desporto Raul Bartolomeu
- A ciência no(do) desporto
- 3 Microbiologia Daniela Ribeiro e Richard Marques Combate a resistência: um jogo de evolução
- 4 Comunicação de Ciência Native Scientists Cientista regressa à escola
- 5 -Recepção/Feedback

- 6 Microbiologia Joana Barbosa e Lourenço Rezende Coçador de Miros Microbiologia - Joana Gomes e Luís Soares
- Desperdício alimentar: vamos evitar?
- Microbiologia Mónica Oliveira e Teresa Carvalho SuperFogos
- Microbiologia Joana C. Barbosa
- Gastronomia molecular: arte à mesa!
- 7 Microbiologia Filipa Grosso Projeto MicroMundo

- 8 Microbiologia Maria José Saavedra e Ana Rita Pinto Sustentabilidade na saúde - poderá a natureza fornecer-nos uma salução?
- 9- Biologia Hélia Gonçalves A coruja, o melhor amigo do agricultor
- 10 Química Mariana Alvim
- A química num copo de vinho
- 11 Química Sofia Friães A Química Organometálica na Sociedade

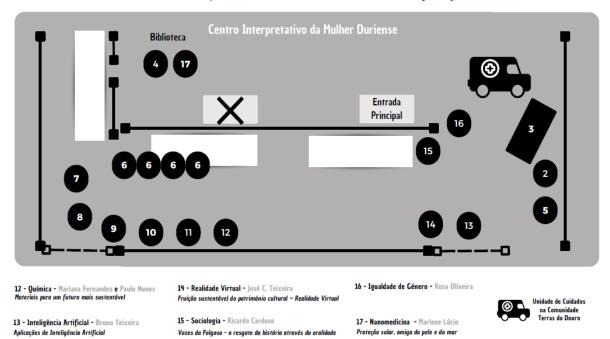

Figure S1: Map displaying the RERN-Armamar agenda and the various activities available, including the positions of the science stations, the names of the researchers, and their respective locations within the CIMD museum. The map also includes a section where participants could mark the science stations they visited.

Questionnaire provided to the participants that attended the European Researchers Night in Armamar

1- "RERN-Armamar inspired me to learn more about science."

2- "RERN-Armamar made me realise that Armamar is the hometown of many scientists."

3- "RERN-Armamar made me realise that science can help solve problems in Armamar."

4- "RERN-Armamar showed me that, as a citizen, I can collaborate with scientists."

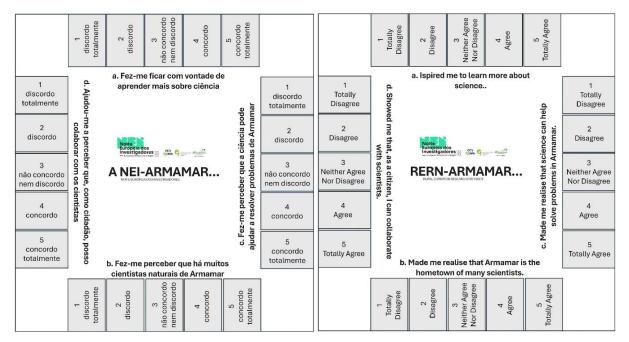

Figure S2: Photography of the questionnaire (in Portuguese and English) provided to RERN-Armamar participants.

Interview script used in the focus group with European Researchers Night (ERN) Volunteers from Armamar

1- Please use 3 words to describe your feelings about ERN Armamar or adjectives that characterise this event.

2- What did you learn within the scope of ERN Armamar and how do you think this can contribute to your future?

3- How do you think ERN Armamar contributed to facilitating access of people from Armamar to science and scientists? What other events do you suggest doing to strengthen this contact?

4- Did ERN Armamar have any effect on your perception of science and its importance for the development of your region? If yes, which ones?

5- Did ERN Armamar allow you to identify local problems to which scientific research projects can contribute? If so, what were these ideas and how do you think they could be implemented?

6- Did ERN Armamar allow you to identify ideas for science communication projects about local problems in your region? If so, what were these ideas and how could these be implemented?

7- Is there anything else you would like to say about the ERN Armamar that has not yet been asked or mentioned?

Questionnaire provided to the researcher involved in the European Researchers Night in Armamar

1. On a scale of 1 to 7, where 1 means 'terrible' and 7 'excellent', how would you rate your overall experience at RERN-Armamar?

2. Share the three aspects that pleased you most about RERN-Armamar.

3. List the three aspects you liked the least about RERN-Armamar.

4. Provide suggestions for upcoming events.

5. Indicate the first three words that come to mind when you think about RERN-Armamar.
